

## SUFFRAGE CARRIES IN TENNESSEE SENATE

House Will Now Consider It Monday When It Seems Sure To Go Through

(By Associated Press)

Nashville, Tenn., Aug. 14.—The Tennessee Senate late Friday ratified the woman suffrage amendment. The vote was 25 to 4.

The vote came after two hours' debate. Adoption of the resolution was moved by Senator Haston, floor leader of the suffragists. The opposition made a point of order that the legislature had no authority to act under the state constitution, but it was overruled by the Speaker. An appeal to the members on a motion to sustain the Speaker was carried, 27 to 5.

Four members answered "present, but not voting" when the roll was called, and later two of them (one in favor of suffrage and the other against it) explained they were doubtful of the constitutional authority of the legislature to act. Most of the debate had centered around this question.

The majority in the Senate was much larger than the most ardent of the suffrage leaders had expected, and they predicted that vote would have a good effect on the House, which is to vote on ratification Monday.

Seventeen votes were necessary for ratification and when the required number had been recorded a tumultuous demonstration occurred. The Speaker had difficulty in restoring order so that the roll call might be completed.

Both the Senate and House adjourned until Monday afternoon. Speaker Walker of the House announced that the committee of the lower house to which the resolution had been referred, would meet Monday night to consider action.

### This Governor's A Game Sport

Raleigh, N. C., Aug. 14.—In a speech, largely an argument against woman suffrage, Governor Bickett urged the North Carolina legislature in joint session here Friday to ratify the Susan B. Anthony amendment to the federal constitution.

Bickett announced at the outset he personally is opposed to suffrage and is "in deepest sympathy" with 63 legislators who who signed a message to the Tennessee legislature urging them not to ratify.

Bickett said, however, women should have a voice in deciding whether the League of Nations covenant is adopted or not; that, as they are the mothers of soldiers they should be allowed to voice their sentiments on measures designed to make war impossible.

He said he was out of sympathy with those who held the suffrage amendment was an interference with state rights.

Woman suffrage, the governor said, is a condition and not the theory, and urged the legislature to accept the situation with good grace.

### BIG SALE IN LINCOLN

Hughes McCarty, the bustling real estate man of Stanford, sold at auction this week the fine 230-acre farm of A. C. Moore, near Stanford, on the Goshen pike, in three tracts. The home place of 69 acres was sold to R. B. Reynolds, of Knox county, at \$330 per acre. The Hamilton place, of 98 acres was sold to Dan Taylor, of Lincoln county, at \$230 per acre, and the unimproved tract of 63 acres was sold to Tom Wilder, of Boyle county, at \$150 per acre. This was one of the biggest sales ever held in Lincoln county.

### THE POPE SLIGHTLY HURT

Rome, August 14.—Pope Benedict met with a slight accident yesterday, slipping on the polished marble floor while going from his bedroom to his private library, the Messaggero says. He sustained a slight abrasion of the skin at the knee.

### NEWSPAPER SUSPENDED

Elizabethtown, Ky., August 14.—Increased cost of print paper and materials and lack of support was attributed by F. L. Woodring, publisher, as cause for suspension of the Vine Grove Sentinel, a weekly newspaper which had been published at Vine Grove since 1915.

In Bourbon county Clarke & Young, delivered to H. S. Caywood 110 head of 1,440-pound cattle at 15 1-2 cents.

## TY COBB REGAINS HIS BATTING EYE

Chicago, August 14.—Ty Cobb, the Detroit star, cracked out 12 hits in his last six games, and boosted his average among the leading batters of the American League to .341, as compared with .322 a week ago. The Georgian seemed to have struck his old-time stride and gives promise of finishing close to the leaders.

"Babe" Ruth, of New York, the home run king, leads in runs scored with 120, and is out in front in total bases with 295. He stands fourth in batting with an average of .387, being topped by Jackson, of Chicago, who has .392, and Sisler, of St. Louis, who is runner up to Speaker with .404. Ruth had 41 home runs up to the compilation of these averages, which include Wednesday's games.

### HERE'S ONE EVEN PAST

#### THE MEXICAN JOKE STAGE

Washington, Aug. 14.—The Provisional government of Mexico, headed by President Adolfo de la Huerta, is prepared to make drastic resistance to any effort to obtain the extradition of Francisco Villa by the United States government to answer to the charge of murder in connection with the raid on Columbus, N. M. If Villa's extradition is asked for the Mexican government will present a demand for the extradition from the United States of General John J. Pershing.

### MRS. CHINN DEAD IN BED

Frankfort, Ky., August 14.—Mrs. Jennie Julian Chinn, wife of Dr. Geo. W. Chinn, and sister of W. A. Julian, Cincinnati, candidate for the democratic nomination for senator in Ohio, was found dead in bed at her home here. Mrs. Chinn had been seriously ill for several weeks. Her husband, an invalid, and her son, Julian Chinn, survive her. Besides W. A. Julian she is survived by two other brothers, Clarence Julian, of this city, and Henry Julian, of Kansas City.

### B. F. EDWARDS INJURED

County School Superintendent B. F. Edwards has been incapacitated for two days as a result of an accident while visiting the country schools and he is of the belief that he suffered a fractured rib. He was able to be out Saturday after having been confined to his bed for two days. He stated he would be able to resume his work Monday morning.

## BOGGS SCHOOL HOUSE

Rev. C. A. Boggs closed a meeting at the Boggs school house Wednesday night.

Our school is progressing nicely, with Miss Elizabeth Eades as the teacher. She has 35 students enrolled and seems to be doing good work. She presided at the organ during the revival and has made many friends in this community.

Miss Minnie Shearer entertained several friends Saturday evening.

John Lewis Coyle, son of Mr. and Mrs. Stanley Coyle, is very ill of spinal meningitis.

Henry Jordan, of Corbin, visited friends here Saturday and Sunday.

Walter Winans, American jockey, died in his saddle as the horse passed under the wire, he winning the race.

## CORN ESTIMATE IS BETTER THIS MONTH

Burley Tobacco Shows Falling Off In Condition From July Crop Report

Considerable increases in the estimates of production of corn, oats and potatoes in Kentucky, compared to July 1 estimates, a slight increase in the estimate of the wheat crop in Kentucky, and a slight decrease in the state's tobacco prospects, are the features of the monthly crop report issued today at Louisville and Frankfort by the U. S. Bureau of Crop Estimates in co-operation with State Commissioner of Agriculture W. C. Hanna. Tobacco shows a slight reduction from July estimates because of rather poor condition in some sections, but as there is a big acreage in the burley belt which partly makes up for the reduced acreage in Western Kentucky and both sections can yet make a full normal yield if given favorable weather, the estimate of tobacco production is not greatly reduced.

The United States total tobacco crop is considerably larger than last year.

Probable corn production in Kentucky is estimated at 96,941,000 bushels, compared to July 1 estimate of 86,170,000 and a crop last year of 72,500,000 bushels; wheat this month is estimated at 6,304,000 bushels, compared to a July 1 estimate of 6,275,000 bushels, and a production of 12,029,000 bushels last year; potatoes 6,355,000 bushels compared to prospects July 1 for 5,971,000 bushels, and a crop last year of 5,040,000 bushels; and tobacco 431,640,000 pounds, compared to a July 1 estimate of 437,580,000 pounds, and last year's production of 456,500,000 pounds. This estimate on tobacco may be increased or decreased later, however, depending on favorable or unfavorable weather.

Rye production in Kentucky this season is estimated at 636,000 bushels compared to 744,000 bushels last year; oats 11,615,000 bushels, compared to 9,900,000 last year; barley, 11,200,000 bushels, compared to 10,000,000 bushels last year, and sweet potatoes 1,638,000 bushels compared to 1,680,000 bushels last year. Fruit is a good crop in Kentucky as a whole apples being estimated at 5,063,000 bushels and peaches 1,526,000 bushels. The condition of other crops in Kentucky is reported as follows: Alfalfa 90 per cent; millet 86 per cent; pasture 88; cowpeas 86; field beans 90; tomatoes 91; cabbage 90; onions 92; grapes 82; watermelons 78; muskmelons 79; broom corn 85; sorghum for syrup 89; average yield of clover hay 1.4 tons per acre.

### Revival At Speedwell

Revival services will begin at Speedwell church Sunday, the 15th, at 11 o'clock. Dr. E. C. McDougall will conduct the services. Everyone is cordially invited.

### PAINT LICK

Rev. E. L. Mitchell, of Burgin, preached to the Baptists at Mt. Taber last Sunday.

Misses Cawood, Carter and Ward have returned home after a very pleasant visit with Misses Marie and Beulah Ledford.

Miss Sadie Ralston is visiting her brother, James H. Ralston, at Logan, W. Va.

Mr. and Mrs. H. L. Francis are rejoicing over the arrival of another son, Harry Lee, Jr.

Mr. and Mrs. A. B. Estridge and daughter, Miss Lena, went to London to visit relatives.

Mrs. T. J. Underwood and daughter, Miss Edna, are spending a few days at Williamsburg.

Miss Lucy Frances has returned from a delightful stay in Chautauqua, New York.

Miss Gladys McWharton of Lexington, has been visiting friends here.

Elder Baugh will assist the pastor of the Christian church here in a meeting, beginning August 23.

### Dry, Dryer, Dryest

Louisville, Ky., Aug. 14.—Two hundred army rifles were unloaded at the federal building. It is only a step to make Kentucky dry, officials of the Internal Revenue Collector's office told alarmed and curious questioners. The rifles were distributed to the guards of distillery warehouses.

## SAMUELS IN RAID IN ROCKCASTLE COUNTY

C. D. Mullins was arrested on a charge of operating a moonshine still and a complete distillery was destroyed by Prohibition Agent C. L. Winfrey on Crooked Creek, two miles from Withers, Rockcastle county, August 11.

Mullins was held to the federal grand jury by United States Commissioner S. W. Stacey at London, under bond of \$500. He pleaded guilty.

The plant destroyed consisted of a 60-gallon cast-iron and wood still, a four-coil copper worm, 13 50-gallon fermenters, 350 gallons of still beer, the usual axes, buckets, mash rakes and a stove furnace. According to Winfrey's statement, Mullins was caught in the act of putting a fire under the still.

Winfrey was accompanied by H. M. Samuels, of Richmond; S. J. Cornett, of Mt. Vernon; J. M. Kavanaugh, of Lancaster, and Deputy U. S. Marshal R. M. Young, of London.

## ONE KILLED, TWO WOUNDED IN LAUREL

London, Ky., August 14.—Two shooting affrays occurred in Laurel county which resulted in the death of one man and the probable fatal wounding of another.

At Atlanta, Steve Jones shot William Riley three times with a repeating shotgun, riddling his body. Riley was a Civil War veteran 70 years old. He was at Jones' home when the killing occurred. The cause of the trouble is not known. Officers have been unable to find Jones.

At Blackwater, famed as a moonshine region, Frank Hale shot his son, Tilman Hale, following family quarrels. The elder Hale surrendered and is in jail, being unable to furnish a \$5,000 bond. The young man is in the Pennington hospital here and is not expected to recover.

## VICTORY, SAYS WHITE

New York, Aug. 14.—George White, Democratic National Chairman, on being informed of the Tennessee Senate's action in having ratified the federal suffrage amendment, declared it was a victory for the Democratic platform.

"It is most pleasing to the Democrats of the nation that the old volunteer state of Andrew Jackson, thru its Senate, has ratified the suffrage amendment with such a tremendous majority," he said.

"It is our hope that Tennessee, through its other great legislative body, will make good the pledge of the Democratic platform, thus enfranchising the women of America."

### SUMMONING WITNESSES IN THE ANDY POFF CASE

Witnesses for the prosecution in the examining trial Tuesday morning of Constable Andy Poff, charged with the murder of Jasper Kirby, one week ago Thursday at the Berea fair, promise to be many. A large number are known to have been summoned for the hearing, which will be before County Judge W. K. Price. Poff, it is understood, is making an effort to procure witnesses in his behalf. At this trial, it will be determined whether or not the officers will be admitted to bond.

### PISTOL BATTLE ENDS IN TWO BEING WOUNDED

Flemingsburg, Ky., August 14.—Purnell Hurst was shot through the head, the bullet coming out through the left eye, and Roy Claypool, slightly wounded, by a pistol shot in the body, and Mrs. Newt Hurst, mother of Purnell Hurst, badly bruised over the head, in a general melee near the Hurst and Claypool homes in this county.

### COLORADO BASEBALL TEAM PLAYS WINCHESTER SUNDAY

The Richmond Browns will cross bats Sunday with the Winchester Hustlers at Winchester. The Browns have not been playing much this season, but are now ready to tackle as comers. This is the first time for these two well known colored teams to get together this season and there is much interest centered in the contest.

William Felton, Asbury Park, N. J., was arrested and fined \$10 for playing golf in a bathing suit which the judge said was not big enough for a canary bird.

## PREMIUM AWARDS AT BERA FAIR

Richmond Furnishes Prettiest Baby and Figures Liberally In Big Prize List

First Day, Wednesday, August 4.—Richmond figured conspicuously and very liberally in the prize awards at the Berea fair, according to the compilation of Secretary and Treasurer, E. T. Smith, of the Association, the prettiest baby girl under eighteen months being selected from this city, as well as some of the best cooking, finest harness horses, fancy pony and cart rings and many other lines. Berea naturally came in for large share of the premiums, but it is believed the interest manifested by Richmond this year was greater than usual, and a greater number of exhibits from here than ever before.

## COX OPENS FIRE ON HIS OPPONENTS

Economy Characterizes Services Advocated By Democrats; As-sails "Smoke Screen" Plan

(By Associated Press)

Wheeling, W. Va., Aug. 14.—Governor Cox today opened fire on his republican opponents, charging it's leadership with "attempting trickery" on the American people in opposing the League of Nations and with conducting a campaign behind "a smoke screen," to assure partisan spoils and that powerful combination of interests are also attempting to buy control. It was also asserted by the Democratic candidate, charging that millions and millions of dollars are being raised in campaign contributions.

The Governor loosed the attack in his address at the Democratic State Convention. It was his first vigorous assault on the republicans, although the advocacy of the League of Nations which, the Governor declared, was the "greatest movement of righteousness in the history of the world," was the main theme of his address. He also attacked the republican "senatorial oligarchy." "The democrats," he added, "presented the cause of constructive, progressive, economic service in peace and promised the saving of two billion dollars annually in government expenses."

## COX STARTS FIGHT IN WEST VIRGINIA

Columbus, Ohio, August 14.—Gov. Cox left here today to fire his first real broadside in the democratic presidential campaign in two addresses. At Wheeling, W. Va., one address will be delivered before the democratic state convention and the other at a public meeting. The League of Nations and other main fighting points will be handled vigorously.

## PONZI IS JAILED; FOLLOWERS, DITTO

Boston, Aug. 14.—The financial ship piloted by Charles Ponzi, is high and day on the rocks today. Ponzi ate breakfast in jail a federal prisoner, in default of \$25,000 bail. Three officers of the Old Colony Foreign Exchange Company, a rival of the Ponzi Securities Exchange Company, also lined behind the bars but in another jail, in default of bonds of \$50,000 each.

Meanwhile scores of depositors of both companies swarmed into the State House where District Attorney was conducting an investigation. Many threats were heard while they clamored for return of their money.

## CONTINUES BIG SALE

The success of the big August sale of Muncy Bros., will be extended, owing to the unusual success attending it, until next court day, and in the meantime there will be valuable prizes given away as usual.

Saturday afternoon, the three big prizes offered, will be given away at four o'clock. Those will be followed by others announced later. There was a large crowd at the store during the early afternoon and interest in the winners of the prizes has not waned. The company reports the best business in their history, and is prepared to continue with the liberal inducements.

Prizes given away this week were: Mrs. Burgess, aluminum teakettle; Mrs. Giles Harris, canner; Shearer Eads, electric fan; Mrs. R. Caldwell, medicine cabinet; Mrs. John Todd, pair of blankets.

Mrs. Fred Whitaker, of Red House, found the ticket on the balloon on Mrs. Steve Green's farm near Red House. She received a rocking chair as a prize.

## JAPAN MAKES REPLY

Washington, Aug. 14.—Japan's reply to the American note protesting against American occupation of Shan-ai Island was received today at the State Department. The note was described as lengthy and it is understood went thoroughly into the whole question of the Japanese side. The American policy was not made known.

The Women Association met with Mrs. R. Keene Arnold Thursday at her home in Versailles to organize a Federated Woman's Club.

## MASS MEETING OF TOBACCO GROWERS

Majority Seemingly Favor Crop in 1921—Delegates To Meeting To Be Provided

Saturday afternoon at 2 o'clock there was an enthusiastic meeting opened at the Madison county court house of tobacco growers, as a result of the call issued at the instigation of the burley tobacco growers at their meeting at Lexington recently for the purpose of determining whether there would be a cut-out of the 1921 crop.

The meeting was presided over by County Attorney O. P. Jackson, who was called to officiate, and Sam Amster, of Red House, a grower of prominence, who stated that resolutions suitable to the consensus of opinion would be drafted during the session. The meeting was for the purpose of selecting delegates to the big meeting to be held at Lexington on August 18. These delegates will be instructed to carry the opinion of the local growers, which will be submitted to the committee representing three of the tobacco-growing states. Indications are that there will be a crop of tobacco grown in Madison county next year. This seemed to be the opinion of a majority of the growers.

Mr. Amster is an advocate of the 1921 crop. He stated during his address to the meeting that he did not believe in the cutting out of the crop next year, but believed in a knockout as he called it, meaning that he would advocate the holding of the crop this year for the consumer at a reasonable price, if it could not be as usual at a fair price, plus the quality of the weed. He believes, according to his statement, that Madison county growers could very well do away with the crop next year. He asked all to fix a reasonable or minimum price for their product, and this would be presented, and if refused the product would be held and sold direct to the consumer at a fixed price. He stated this, in his opinion, was the most practical and profitable movement and his address was received with favor upon the part of many. At a late hour the delegates to the Lexington meeting had not been selected. However, this will be done and they will be instructed according to the opinion of the greatest number of producers of Madison county, which is being determined at the meeting.

In speaking with the producers of tobacco in Madison county many are in favor of reducing the crop for next year, but few of those interviewed took kindly to the theory that it would be beneficial to cut out the entire crop for the 1921 season. Many claim they have purchased land at high prices, which will endanger their position unless they are allowed to raise tobacco, claiming they cannot realize sufficient profit on other crops to pay for the land. Others claim they have the land which is better adapted to tobacco raising than anything else and would prefer raising the weed. The matter of cutting out the crop has stirred many of the local producers as never before, since they assert they believe now they will realize a good price for this year's crop, and they could not make nearly so much money on any other product. The movements being reported at various meetings in other counties have been watched with interest, and while the question of another big crop is unsettled there are varied opinions. Some declare the cutting out of next year's crop would not change the market price whatever, and others adhere to the opinion that if all decided to raise but half their usual acreage they much get as much money for it. Producers from all parts of Madison county were asked regarding the matter of eliminating next year's crop, and the majority claimed it was not feasible. Some stated that it would no be any movement worth considering, unless everyone adhered to the rule, if such a rule were made, and not a bit of tobacco raised. Other declare there would be just as much money realized with half a crop. It is very evident that there will be more or less discussion regarding the movement here and that the question is not satisfactory to all is an assured fact.

## NATURE PROVIDES THE INGREDIENTS

Argo-Phosphate, the New Herbal Remedy, Now Endorsed By Local People

If the digestive organs are not properly performing the work which nature has assigned to them, the nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and constructive qualities are so pronounced that beneficial results are noticed the first day. That this is true, it is only necessary to listen to the statements made daily by local people given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by the Richmond Drug Company.

## WARSAW HEMMED IN

(By Associated Press)

Warsaw, August 14.—With the Red armies of Russia steadily pushing back the Polish defensive forces, Warsaw was yesterday declared by the military governor to be in a state of siege.

Civilians are forbidden to appear on the streets after 10 p. m., while the cafes were closed at 9. The Bolshevik advance has reached a point 20 miles from the capital. Mlawa, Pultusk and Siedlce have fallen in rapid succession and the roar of artillery is audible here at all hours of the day and night.

The Russians attacking Warsaw are well toward the rear of that city's defense and are attacking Plonsk, within a dozen miles of Vistula, northwest of the Polish capital, according to the official Polish communique.

### SOCIAL AND PERSONAL

#### WITH A SMILE

Meet whatever the world may bring with a smile and joy along. There's always a song for the song you sing if your heart is in the song.  
And when you meet the world with a smile it is sure to smile on you. While over your head the sun burns bright and the velvet skies are blue.  
Meet whatever the world may bring with a cheery hope and trust: Kick up your heels and dance along, and sing and smile and be just. Whatever you give the world it gives a measure of that and more.  
To add in the end as on you veer to the wealth of your little store.  
Meet whatever the world may bring with a faith that naught can shatter.  
There's always something that's not just right, there's always something the matter.  
But the heart that goes along with a song, and the lips that go with a smile.  
Shall win a song for their own ere long and a smile from the afterwhile.

Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

## TRUCK CAN REALLY CUT COST OF BREAD

A mighty factor in lowering the cost of flour is in prospect with a fuller development of the ship-by-truck movement among mill operators and wheat growers, its advocates declare.

They point out that already by use of the motor truck many millers in the northwest are hauling directly to the mill from the threshing outfit in the field, and thereby purchasing at from two to five cents, below "mill door" price. They cut their own hauling in many instances by carrying flour and feed to the farmers in the trucks going after the wheat. At the same time they build up their sales to the farmer.

Time and labor saved in handling wheat is an economic influence that affects everyone of us, the Firestone Ship-by-Truck Bureau, of Akron, Ohio, points out in a recent bulletin. "It reduces the cost of one of the most important food staples. Development of the ship-by-truck idea among millers and farmers should aid housewife and baker in producing a larger loaf of bread for the same cost or in reducing the cost of the present loaf. Farmer, miller, baker and consumer share in this saving.

"Near Sacramento, Cal., seven 3-ton trucks replaced 45 teams in moving the wheat from a 23,000-acre farm. Here the problem was largely a matter of labor. The drivers are paid higher wages individually than teamsters. Seven men, however, did the work of 45. The crop was moved promptly to the mills, something which otherwise would have been impossible. Other sections report the same general benefit from the use of the truck.

"In Norwalk, Ohio, a small flour mill enjoys a lively trade with grocers within a 25 to 30-mile radius by using motor trucks in delivery. A thriving business was re-established after the mill had been out of operation for several years. This mill has proved especially successful in stimulating wheat production in the community by furnishing an active local market. Many other mills throughout the country are helping to reduce the cost of production and distribution by truckportation."

### LIME VERY ESSENTIAL TO SOIL, SMALL QUANTITIES

Lime is so essential on the soil in a large part of the state and the length of the wagon haul is so great in so many places that it becomes highly important to know whether small applications of limestone will be sufficient to obtain a good growth of clover. Experiments which the department of agronomy has been conducting for three years indicate that from 500 to 1,000 pounds of ground limestone to the acre will very greatly increase the growth of clover on soils needing lime.

# PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

THE first appeal of our five-passenger "Glenbrook" model is, quite properly, its exquisite beauty and distinctiveness. To merely look at the car is a pleasing experience.

The second appeal develops upon acquaintance with one of the most remarkable power plants in the entire field of six cylinder engineering. Thus admiration is supplemented by profound respect and both appeals merge into Pride of Ownership.

This new Paige motor is an unusual achievement. It is the result of more than three years of patient research and experiment. It is actually and literally a product of our war time experience.

Furthermore this power plant is an altogether distinctive product—conceived by our own engineers and built in our own plants by our own workmen. It represents in fullest measure all that the Paige nameplate implies.

### Predict Tires Will Maintain Good Price

Car owners who are holding back on the purchase of tire equipment in the hope of a reduction in prices are likely to be disappointed. There is nothing in the tire manufacturing situation to indicate a downward trend of tire costs.

On the contrary, a "break" that will necessarily mean the advancing of prices seems inevitable. A resume of the tire industry and the conditions under which it has developed in the last decade, causes the casual observer to wonder, in fact, that tire prices have not already begun to climb steadily. Unless one studies carefully the underlying reasons for the successful checking of tire prices in the fact of overwhelming advances in virtually every

other commodity, it is rather amazing to note that prices now are much lower than they were ten years ago.

At Paducah the body of a 16-year-old boy was found on the tracks of the I. C. railroad with the head severed. He has not been identified.

WACO, KENTUCKY

At Louisville, Van S. Bell, born in 1832, and a Civil war veteran, was in jail on a petty charge. Newspaper men got together and effected his release. He is said to be the oldest man and early war veteran to be confined there.

Daniel Thew, Morristown, Tenn., married recently, and more recently ran away from his home taking several thousand dollars with him, which he claims, his wife wanted. He said he would go back when arrested at Annapolis, but would run away again.

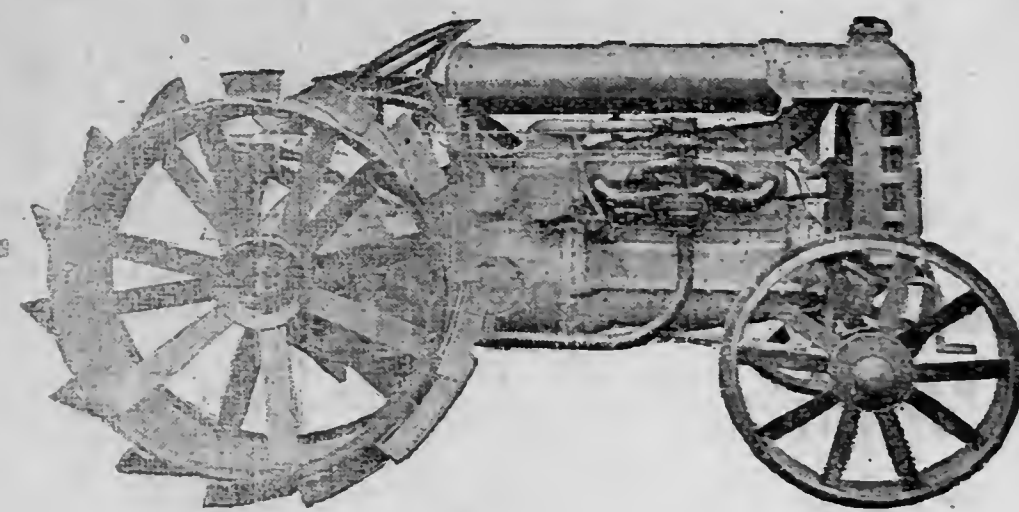

### DON'T BE ALARMED ABOUT PRODUCTION

Recent curtailment of production in the automobile industry, caused by a combination of unfavorable economic conditions, is only temporary in nature and need not be viewed with alarm. This is the key-note of a significant statement just issued by the P. D. Goodrich Rubber Company, Akron, O., one of the most prominent institutions in the automotive industry. The optimistic tone of this statement is of special interest in view of the fact that the Goodrich factories have been less seriously affected than most of the rubber concerns in the United States, which produce practically all of the rubber goods manufactured in the United States.

The Goodrich Company, it is stated, is not of the temporary nature of the curtailment, but is of the permanent nature of the curtailment. The company's business is not of the temporary nature of the curtailment, but is of the permanent nature of the curtailment. ## BALING HAY WITH A FORDSON TRACTOR

Madison county has one of the best hay crops in years, and there will be good money in baling hay this year. Don't let the other fellow get the profit on your crop when you can save it with a FORDSON TRACTOR. The cost of operating a FORDSON is about one-half what the ordinary tractor would be.

When the baling season is over, you will be ready to grind that rock your ground is so badly in need of.

That fall plowing is just a few weeks off.

You are losing money every day you put off buying a FORDSON. It is the missing link in your chain of farming implements. You can make it pay for itself during the hay season.

Think it over and see our tractor man today.

## The Product of Experience

THERE is always the charm of discovery about the Chevrolet Model "FB 50" Touring Car.

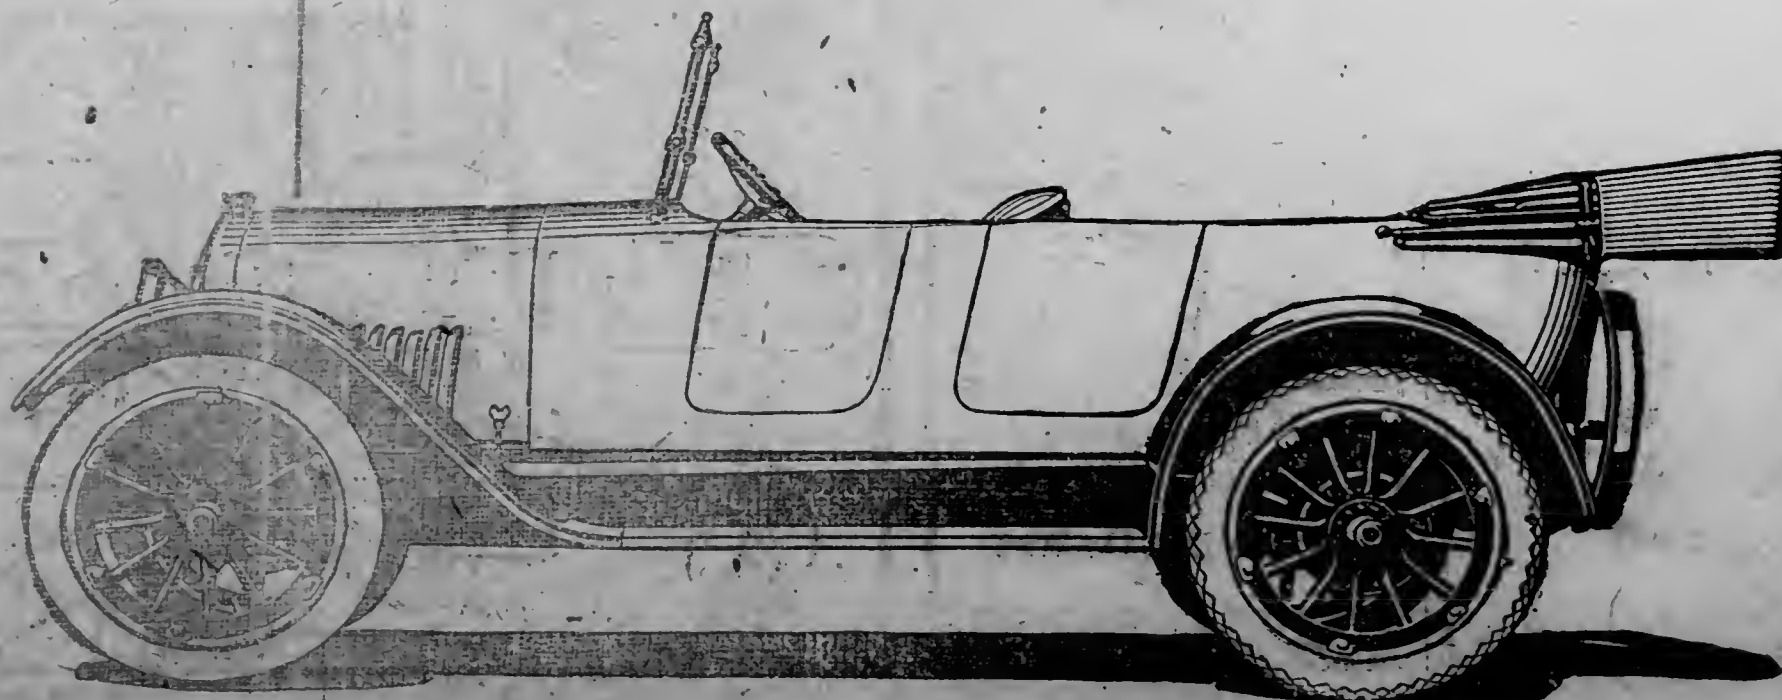

It is in the unexpected test that you find out its real strength.

Each long hill renews your satisfaction in its power, and on each new run its riding comfort is revealed in many ways.

But the most gratifying revelation comes when you divide its total up-keep cost by the number of miles you run.

### ALLEGED CRAP SHOOTERS FINED

The tile floor of the postoffice corridor, during the wee sma' hours of morn, are said to have provided a most extraordinary refuge recently for a number of young men who, after having worked till late at store or shop, have been holding sessions of crap games there for some time. A trio of them were brought to police court one morning recently, or rather to the county jail, but they were not incarcerated, since they managed to assure the officer they would be on hand when wanted. Friday night they had an inning in city court. Upon the night in question, it seems, according to the testimony, these three arrested were not engaged in shooting craps, although the police heard the rattling of the bones, when they slipped quietly to the door. The three youngsters declared there were three strangers shooting the bones, and they were merely the bystanders. They also admitted they could not give the identity of the men handling the ivories, for they were strangers. The three men, upon the arrival of the police, ran up the stairway, and the wrong three were arrested—according to the testimony. City Judge G. Murray Smith looked long and wisely, and then smiled faintly. He handed each a fine of \$20 and costs, stating that he would suspend the costs upon good behavior, but warned they would be more heavily fined and this fine would be added to the next one, should they be brought back on a similar charge.

### PICKPOCKET IS GIVEN SENTENCE

Charles Ervin Fife, colored youth, is credited by Luther Tribble, also colored, of being a light fingered artist, as a result of which Tribble is loser of at least \$1.65, and Charles Ervin Fife found guilty of a charge of petit larceny, and loser of thirty days of his freedom. He was sentenced to serve that term in the county jail by City Judge G. Murray Smith, who listened intently, as did City Attorney J. P. Chenault, to the alleged "deftness" upon the part of the aforesaid Fife in extracting the money from Tribble's pocket. The latter said he did not feel the hand of Charles in his pocket, nor did he feel the grip on the money, but when the hand was being drawn from the pocket he "sure felt" that, and after asking Fife for the money, the latter declared then and there he did not have it. Neither did Tribble, hence the warrant. This is the first case of pocket picking reported in Richmond in some time, the light-fingered gentry having been in the minority among the list of charges filed in the city court several months past.

### "DOUG" ACQUITTED

Douglas Chenault succeeded in assuring City Judge G. Murray Smith that he was not guilty of speeding recently when the charge was made that he was exceeding the proper limit on Big Hill avenue in an automobile. The case was one of several called for a hearing Friday night in city court.

### Street Men Working Again

Saturday morning in an effort not to lose any more time than usual, the street working force was put to work, and the big excavator has been busily engaged since. The recent rain has held up the work to a great degree, and the laying of the first asphalt will be started within a

few days. With good weather, this part of the finishing work would have been well under way by this time.

Prof. David C. Foyle, 50 years old, professor of the romance languages in Georgetown College, married Miss Annie Porter, 32, in Cincinnati, yesterday.

### LOWER WALNUT STREET FOLK BUSY

Citizens of lower Walnut street are preparing to petition, in a small way, to have "plenty of tarvia," as one resident stated it, for that thoroughfare as soon as possible, since it is claimed lower Walnut street is becoming one of the most used streets of the city, and the residents are taking unusual pride in improvements, and they are being made on an extensive scale. This includes new cement sidewalks, which have appeared in front of almost a dozen homes, and others are contemplating similar improvements. There has been extensive painting done during the present year and there will be considerable more before the close of the season. With this finished, residents state they want the tarvia, which has been so graciously promised by Chairman Charles Terrill, of the street committee of the council. They will present to the councilmen a petition asking the sufficient be furnished for the covering of the street throughout and this, they assert, will add materially to its appearance. The building on this street has been very liberal during the past six months, and it is claimed the result is that the value has been enhanced considerably.

### RELIEF FOR MINERS CLAIMED NECESSARY

Cleveland, O., Aug. 14—John Lewis, president of the miners union, before the central competitive district scale committee today asserted some relief for the stabilization of miners wages was necessary and indicated that the miners' demands would be formulated and presented to the committee later in the day. From a union official it was learned the factional struggle was splitting the miners and complicating deliberations. It is understood President Farrington, of the Illinois miners, is here with a program of maximum demands, backed by the recent Illinois strike.

### MANDAMUS WRIT HEARING SATURDAY

Circuit Judge W. R. Shackelford on Saturday heard mandatory injunction proceedings on a writ of mandamus asking that election officers in certain precincts in Breathitt county properly and correctly certify the vote of Breathitt county in their respective districts.

In certain precincts, it is alleged, the vote was incorrectly certified or not certified at all. The action of Judge Shackelford Saturday will determine as to whom the certificate of election will be issued in the race for the republican nomination for cir-

cuit judge, the action resulting from the primary held in Breathitt, Lee and Estill counties. W. L. Kash and Samuel Hurst, contending candidates, are both present, and among the interested attorneys were the following: Judge C. C. Turner, Frankfort; Beverly S. Jewett, Winchester; Kelly Kash, commonwealth's attorney for the 23rd judicial district; G. W. Gour-

ley, Breathitt county; Chester Gourley and Major Samuel Wilson, of Lexington.

After two year "failure" has been stamped upon the marriage of Christian Wais, 72, and his 62-year-old wife Margaret at Cincinnati. The Kash, commonwealth's attorney for aged couple's marriage was due to a matrimonial advertisement.
